The screenshot displays the IBM Watson Assistant interface for configuring a chatbot. The top navigation bar shows the IBM logo and the text "IBM Watson Assistant". Below this, the breadcrumb trail indicates the current location: "au-syd.assistant.watson.cloud.ibm.com/crn%3Av1%3Abluemix%3APublic%3Aconversation%3AAu-syd%3AA%2Fes8f767785124b028f98bb911e4...". The main interface is divided into several sections:

- Header:** "IBM Watson Assistant Lite" with an "Upgrade" button and a "chat bot" dropdown menu.
- Left Sidebar:**
  - Customer starts with:** A section containing a single step: "I have one issue in paying credit card bill".
  - Conversation steps:** A list of steps. Step 1 is highlighted and contains the text "no problem can you explain it briely". Below the text is a "Continue to next step" button. Step 2 is also visible, containing the text "This step has no content" and a "Continue to next step" button.
  - New step:** A blue button at the bottom of the sidebar.
- Main Content Area:**
  - Step 1 is taken:** A dropdown menu set to "without conditions".
  - Assistant says:** A text input field containing "no problem can you explain it briely". Below the input is a "Define customer response" button.
  - And then:** A dropdown menu set to "Continue to next step".
- Preview Window:** A floating window on the right side showing a simulated conversation flow. It starts with "Greet customer [default]" and "Welcome, how can I assist you?". A message bubble shows the user input "I have one issue in paying credit card bill". The system response is "I have one issue in paying credit card bill recognized", followed by "no problem can you explain it briely". The preview ends with "There are no additional steps for this action. Add a new step or end the action."
